

SPA TREATMENTS | YOGA | GREAT FOR COUPLES | LUXURY

HIGHLIGHTS

Leave the norm behind and escape to an extraordinary adventure in the Litchfield Hills of Connecticut.

Imagine having cocktails in the cockpit of a helicopter inside your very own cottage. Picture spending the night in a luxurious, treehouse hideaway suspended 35 feet above the forest floor. Or, perhaps classic, New England-style space is more your speed. Whichever accommodations you choose, there is so much more than meets the eye in the quaint cottages of Winvian Farm.

You may find yourself so smitten with your suite that you have no need to leave, but the Winvian Farm Spa takes tranquility and pampering to new heights. Treat yourself to an hour or an afternoon of pure bliss with a range of rejuvenating treatments. From private yoga and fitness to massage therapy and skin care, a blend of modern practices and ancient wisdom lays the foundation for a truly transformative experience.

Winvian Farm

Winvian Farm's five-star cottage resort finds the winning combo of traditional and not-so-traditional in its whimsical and one-of-a-kind accommodations.

Amenities

Spa Bliss

The Winvian Farm Spa is a quiet sanctuary not to be rushed but to relax and rejuvenate. Trees and sky fill the great arching windows of the meditation lounge where everything shimmers with the radiance of the reflecting pool. Schedule an hour or an afternoon of pure bliss, with a range of restorative treatments and therapies.

Seed-to-Table

Almost everything served in Winvian Farm's revered restaurant is grown on the private estate in three greenhouses and three acres of organic gardens. Honey from the apiary, a henhouse, root cellar and luscious fruit trees round out the artfully open-ended menus. Even the dining room bouquets come from Winvian Farm's heady flower and herb beds.

Things to Do

All 113 acres at Winvian Farm are yours to play upon. Cruiser bikes stand at the ready for jaunts around the farm. Or walk the winding paths of the glorious organic gardens. In addition to the spa, enjoy countless simple pleasures such as hiking, hot air ballooning, fly fishing, kayaking, tennis, golf and horseback riding.

Accommodations

The luxury accommodations are worlds unto themselves, nestled into the surrounding Connecticut woodlands and meadows. A team of 15 architects designed the 18 unique resort cottages and the Hadley Suite, each with its own story to tell, each a surprise, an escape, a splendid adventure. Guests can choose to stay in a two-level treehouse, a greenhouse, a musical conservatory, a lighthouse in the middle of the forest or a lodge built around a massive oak tree.
